End Users Council Australia

Technical Presentations
NOW SHOWING

"FF GA2005 HIGHLIGHTS"

"FF ENGINEERING GUIDE AG181 OVERVIEW"

"FIELDBUS - The State of Play"

FOUNDATION Fieldbus Educational Forum

FF GA2005 Event Highlights will be presented by TS Lim of Woodside Energy Ltd. who was at the General Assembly held in Vienna.

The presentation will cover briefly the latest development in FOUNDATION Fieldbus technology, status on some of the EUAC projects/initiative and also some of presentations from the end users.

Overview of FF Engineering Guide AG181 will be presented by Allen Tighe of Seacove Systems. Allen is also a FF certified training service provider and has delivered numerous FF workshops both within Australia and overseas.

The session will cover an overview of the engineering guide and is a prelude to a more in-depth coverage planned for future sessions..

Foundation Fieldbus Equipment - State of Play

This is a session where we have representatives from each of the major equipment vendors giving an update on "state of play" of their FF equipment and future development. It's a great opportunity for people new to FF to get to know it, and for old hands to find out about the latest developments.

State of Play

- Emerson Process Management (Bill Ramsay)
- MTL Instruments (Kevin Barnes)
- Honeywell (Brian van Bueren)
- Samson Controls (David Edge)
- *And others.....*

Who Should Attend

- Instrumentation & Control Engineers and Technicians
- Technical Managers
- Electrical Engineers
- Electronic Engineers
- Engineering Managers
- Project Managers
